SKILLS

Languages	C Programming, HTML5, CSS3, JavaScript, SQL
Technologies	React JS, Next JS, Node JS, Express JS, MongoDB, ASP.NET (MVC & Web API), MSSQL, NextAuth.js, Stripe, Firebase Authentication, Bootstrap 5, Tailwind CSS, Photoshop, Illustrator

PROJECTS

Reseller Marketplace

Three-panel marketplace for used mobile phones — Buyer, Seller & Admin, with listings, wishlists, and order tracking.

Front-end: React.js, Context API, Tailwind CSS, Firebase Auth · **Back-end:** Node.js, Express, MongoDB

[Live Site](#) [Client Repo](#) [Server Repo](#)

TuitionMe

Udemy-style course marketplace — students browse, read reviews, and enroll; instructors list their own courses.

Front-end: Next.js 16 (App Router), React 19, Bootstrap 5 / React-Bootstrap · **Back-end:** Next.js Route Handlers & Server Actions, Auth.js (NextAuth v5), MongoDB, Zod, Stripe Checkout

[Live Site](#) [Repo](#)

Radius

Internal utility suite for day-to-day office operations — meeting room reservations, company address book, meal management, and task tracking.

Front-end: ASP.NET MVC (Razor) · **Back-end:** ASP.NET Web API, MSSQL, deployed on IIS

Internal company tool — source code and live access are not publicly available.

Service Desk

ITIL-aligned IT service management & ticketing platform, built full-stack on the Next.js App Router with session-based auth.

Front-end: Next.js (App Router), React · **Back-end:** Next.js API routes, NextAuth.js, MongoDB

[Live Site](#) [Repo](#)

Paperlite

In-house approval management system used across multiple departments, replacing manual, paper-based approval workflows and streamlining cross-department requests.

Stack: Next.js (full-stack, App Router & API routes), MSSQL, deployed on IIS

Internal company tool — source code and live access are not publicly available.

EXPERIENCE

Radiant Pharmaceuticals Ltd.

Sep 2023 – Present

Full-Stack Web Developer

- Designed and built Paperlite, a full-stack Next.js approval management system with an MSSQL database, replacing manual, paper-based workflows across departments.
- Built Radius, an internal utility suite (room booking, address book, meals, task tracking) with ASP.NET REST APIs and MVC.
- Deployed and maintained both applications on IIS and cloud infrastructure for company-wide use.

Due to company privacy, source code and live access for Paperlite and Radius aren't publicly shareable.

ServicEngine BPO Ltd.

Apr 2021 – Mar 2022

Risk & Compliance Analyst

- Analyzed data provided by clients to identify and reduce their operational risk exposure.

Technohaven Company Ltd.

Apr 2019 – Sep 2019

Project Implementation Officer (Intern)

- Supported the implementation of the RAJUK construction-permit automation system, building foundational experience in production rollouts and team collaboration.

EDUCATION

Bangladesh Army International University of Science and Technology

2019

B.Sc. in Computer Science & Engineering (CSE)
